Such are the makes that are included in the Moses line—instruments that can't be equalled. Note these:

**Steinway, Standard, Wessner, Hardman, Haines, Brewster, Kimball, Hensel.**

It's not necessary for you to follow, step by step, the workmen—to see that the choicest materials are used—the latest machinery, guided by skilled hands and finest brains.

It's proof enough to view the finished, artistic case; to feel the light, elastic touch and to hear the deep, rich and brilliant tone of these Pianos.

The Moses line of Pianos have no connection with the "cheap music-box" kind on the markets. They are instruments to grace the finest and most cultured homes.

# Come Up Where You Belong.

Perhaps you know why you fail in the plans for money, fame and position.

Some Don't.

Just why the brain does not produce practical money making results is a puzzle to many men.

Strong, healthy, natural brains can be made from food, and good brains can work keenly when they have their proper food.

Unsuccessful brains often come from improperly selected food.

There are well established and very clearly understood reasons for these sure results from the change in food. You can make Money, Position, Fame if you have the kind of Brain that works that way.
